

Nurse Home Visitor

About us

Created in 2001 by The Robert Wood Johnson Foundation, Children*s Futures works across Central Jersey to ensure that all children and families get off to a healthy start in life. At our core, we aim to increase opportunities for health and wellness and to ward off health and social problems that can lead to a lifetime of illness and dependency.

Children*s Futures is a 501 (c) 3 nonprofit organization whose mission is to improve health and development outcomes for children and their families. To achieve our mission, we formally collaborate with schools, social service providers, health care agencies, faith institutions, civic associations, employers and others around school-readiness and success strategies that have the greatest positive impact on children’s immediate health needs, as well as long-term development.

We are looking for a Nurse Home Visitor to join our dedicated team to serve first time mothers enrolled in Children*s Futures Nurse-Family Partnership program.

Responsibilities:

- Provide comprehensive nursing services to women and their families.
- Visit clients in their home.
- Carry a caseload of 25-30 clients.
- Assess physical, emotional, social and environmental needs of the women and their families.
- Follow nursing processes and procedures.
- Maintain confidentiality and document accurately.
- Develop therapeutic relationships with the women and their families.
- Provide education, support and referral resources to assist the women and their families with attaining their targeted goals.
- Evaluate client progress toward stated goals and NFP outcomes.
